

MUKTANGAN IN THE SPOTLIGHT

2025 (Jan-March)

Hello Muktangan Community!

As we step into a new season of learning and reflection, we are excited to share the latest highlights from across the Muktangan family. From powerful student projects and inspiring guest sessions to alumni impact stories and heartfelt volunteering experiences - this quarter has truly celebrated our core values of inclusive, holistic, and experiential education.

Celebrating Learning through Projects

Every year, Muktangan's Project Day is a highly anticipated event that bursts with energy, enthusiasm, and creativity. Students dive into research, experimentation, and hands-on projects covering themes from science and technology to culture and social issues. The event fosters teamwork, critical thinking, and communication all within a nurturing classroom environment.

Gift of Music

Mika Nishimura, a gifted violinist and passionate advocate for inclusive music education, joined hands with Muktangan to introduce our students to the transformative power of music. Thanks to her dedicated mentorship, our students had the opportunity to perform at prestigious events like the ISPL Cricket Match Opening Ceremony and NCPA Annual Day. We thank Mika for igniting the spark of music in our children's lives and leaving a lasting impact on their hearts and minds.

Webinars That Inspire – Thought Leadership in Education

Our recent webinars at the School of Excellence explored themes of school assessment, leadership, and learning environments. Teachers, NGOs, and parents joined forces to envision a future of high-quality, equitable education. Thank you to all our guest speakers and participants for your insight, energy, and continued belief in our mission.

Building Learning Communities

Muktangan’s outreach extended to Dehuroad Cantonment Board School, where our teachers conducted creative workshops that blended fun with learning. With a strong focus on student engagement and practical teaching tools, these sessions were a hit with school staff and students alike. Our regular visits continue to strengthen educational quality and introduce innovative learning methods to under-resourced classrooms.

“The English Reading Programme is incredible. It has changed my world in many ways. It has given me something that I love which I can also share with others. Sharing love in the form of reading is the best gift I have been given. I urge everybody if they want to do something meaningful, join the programme!”

• Gauri Sinh, ERP Volunteer

Life as an International Student

Rahul, now a Cloud Computing professional, attributes his success to the values and skills instilled at Muktangan. From active library hours to deep teacher-student connections, his journey took him through engineering, MNC roles, and even studying abroad. Rahul remains deeply grateful for the foundation Muktangan provided.

Teaching for Change

Manisha, now a fellow at Teach For India, channels her passion for education into teaching students who need academic and emotional support. Her own experiences at Muktangan—of support, connection, and encouragement—inspire her to be the teacher she once needed. She has also pursued Mass Media and an MA in English Literature, showcasing the power of well-rounded education.

At Muktangan, every story is a reminder of what we can achieve when we come together- with purpose, compassion, and vision. Whether it’s through education, the arts, technology, or service, each contribution adds a thread to the vibrant tapestry of our community.

We thank all our supporters, staff, students, and alumni for being part of this incredible journey. Let’s continue to learn, grow, and inspire together.
